

# Geographic Information Systems (GIS)

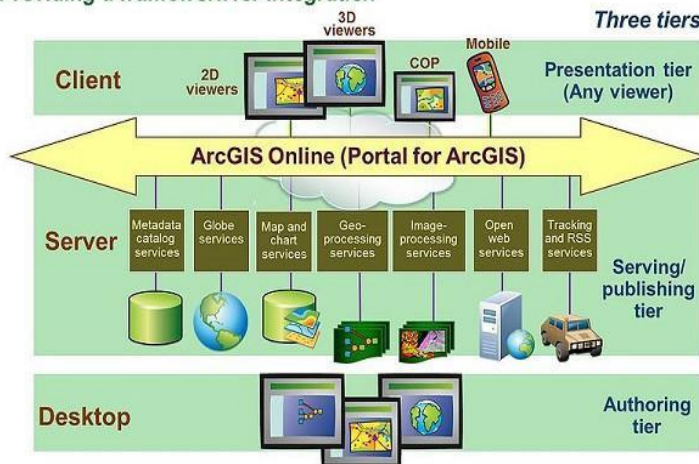

Enterprise GIS Solutions • Software Development • Data Analysis • Cloud Management

## CORE COMPETENCIES

Since 2007, GeoVed LLC, has been an industry leader in Enterprise GIS design, customization and implementation. As an Esri Certified Partner we are part of their ArcGIS Online Specialty, ArcGIS for Local Government Specialty, and Federal Small Business Specialty Programs.

We offer products and services to clients of all sizes in federal, state, local government and private organizations, nationally. Our data visualization team excels at turning mountains of unanalyzed data into powerful visuals. Our team has a diverse mix of expertise with Esri, ArcGIS, Adobe, and other GIS tools. We create a wide range of deliverables: Web/Interactive/static maps, apps, dashboards, presentations, infographics, custom graphics, charts, reports, and data analysis.

*Providing a framework for integration*

- Portal for ArcGIS Implementations
- Portal Migration to ArcGIS Online and vice versa
- Mission Critical Enterprise GIS Monitoring
- Mobile Development & Field Data Collection
- Enterprise GIS Design & Implementation
- GIS Application Development (Desktop, Web, and Mobile)
- GIS Strategic Plans & Needs Assessments
- GIS Data Management & Modeling
- Geodatabase Design & Development
- ArcGIS Online for Organization
- GIS Solutions Architecture & Workflow Design
- GIS Analysis, FME, Large data manipulation
- CAD to GIS Data Migration & Conversion
- GIS Training & Support
- 3D Visualization & Modeling

## How are we Different?

What sets GeoVed apart from the competition?

- ◆ API's development expertise with Years of combined software development experience
- ◆ With our deliverables in hand, stakeholders can quickly grasp the information and make informed decisions with greater confidence.
- ◆ Highly successful modernizations and migrations of Enterprise GIS systems to Esri's WebGIS Model
- ◆ Outstanding Enterprise GIS monitoring software
- ◆ GISP certified with clearance talented team of Enterprise GIS system architects with Years of experience.
- ◆ High client retention rate of 93% due to excellent client responsiveness
- ◆ Flexible resources with competitive pricing

## Our Specialization Team

### Skills

- Automation of processes for managing, ingesting, merging, and deconflicting data
- Geodatabase management
- Geospatial data conversion
- GIS Solutions Architecture & Workflow Design
- Guidance to optimize data collection
- Creation of customized geospatial products from community data
- Static and Interactive Map Dashboard
- Vision Zero real time Dashboard
- Story Maps and Esri Sites
- Survey 123
- Tracker Applications
- Automated update data on daily/weekly basis

## Open-Source based GIS App Design and Development

We help our clients or partners building Open Geospatial Consortium (OGC) standard based GIS (Geographical Information System) Application Design and Development activities; e.g. Quantum GIS.

We help our clients or partners building ESRI based ArcGIS Application Design and Development activities.

## GENERAL INFORMATION

**Registered Company Name:** GeoVed LLC.

**DBA:** GeoVed

**Year Incorporated:** 2007

**State of Incorporation:** Virginia

**FEDERAL DUNS #** 809107217

**CAGE** 52HV8

**SECURITY CLEARANCE:** Secret
